Oswego, Illinois 60543

Dear Mr. Thom:

This letter is written in regards to your water monitoring program as outlined by PCB - Order No. 76-104 which was issued by this Agency on November 15, 1976.

This Agency has noted that your water monitoring program has not been conducted in accordance with the above Pollution Control Board Order and the Agency requirements. No quarterly water monitoring analyses were received from the above referenced site for the year 1978. The monitoring wells, G101, G104, G105, G106, and G107, shall be sampled and analyzed for aluminum, copper, nickel, manganese, pH, and R.O.E. We ask that you correct the above deficiencies immediately.

Also, you are reminded that quarterly water monitoring reports are due in this office by the 15th of January, April, July and October. Therefore, your next quarterly reports are due by January 15, 1979.

If you have any questions, please feel free to contact me.

Very truly yours,

  
Rauf Piskin, Manager  
Hydrogeology Unit  
Division of Land/Noise Pollution Control
